## What can you achieve in 72 hours?

You can make the world a better place together with young people across Germany.

During the 72hours-campaign you stand up for a colourful, open and caring society.

## What is the 72 hours campaign?

The 72hours-campaign is organised by the Bund der Deutschen Katholischen Jugend (umbrella organisation of catholic youth associations) and its members. From **April 18 to 21, 2024** you have three days to realise your project, which can be interreligious, political, environmental or international.

The most important aspect is the joint effort for others. Together with other people you can achieve your goal.
